

Things to keep in mind:

I hope everyone had a happy and healthy holiday season. Things are running smoothly around here. My youngest turned 4 a few days ago. I guess I need to do some new Tyler & Cooper examples around LaserU to reflect their current ages (6 & 4)! :)

My two boys are now at the age where they are starting to get involved with sports. They have each played t-ball and this month Tyler starts basketball and Cooper starts soccer. This precious moments can start new revenue streams for you - see below!

Laser Spotlight

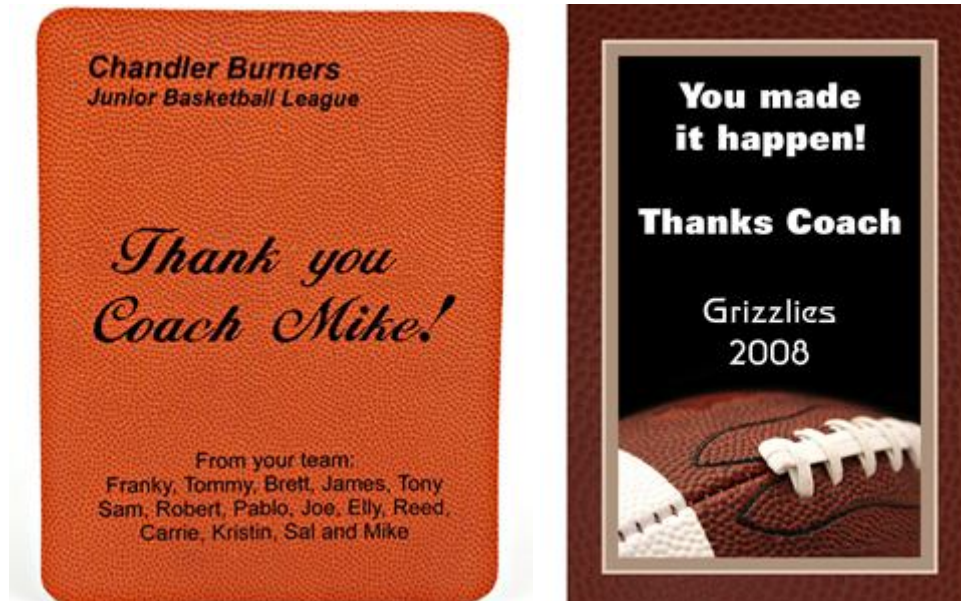

Each month we showcase an item, product or skill from LaserU. We give a summary of the item and provide links for more information. This month we will look at **Sports Plaques**. This comes from our Project Center titled - **Sports Plaques**.

The primary example in this item is a sports team (t-ball) photo engraved on glove leather and that leather piece is mounted on a walnut plaque. This is a beautiful way to remember a team and thank the coach!

There are other examples shown in the lesson toward the bottom of the lesson.

We have basketball dimpled leather and a wide array of PlaqueMates that features sports, such as, football, baseball, golf and basketball.

For more information on this, see the **Sports Plaques** in the **Project Center**.

Please send questions and comments to laseru@laserbits.com

See you next month with our next **The Laser Engraver** Newsletter.
