Things to keep in mind:

Don't forget to Like us on Facebook. You can see daily updates, product, project and business ideas. This FB page supports both LaserBits and LaserUniversity.

Laser Spotlight

Each month we showcase an item, product or skill from LaserU. We give a summary of the item and provide links for more information. This month we will look at **engraving microsuede**. This comes from our Project Center and is titled, **Suede Plaques**.

In this lesson we take you through the steps to learn how to use a canvas and a piece of microsuede to create really unique items for home decor! Both images and text engrave really well.

For more information on **engraving microsuede** see the **Project Center** - scroll down to **Suede Plaques**.
