

Things to keep in mind:

We have added Glass Tube Lasers to our Your Laser System section of LaserUniversity. In the next two months we will also be increasing and expanding our information in the Settings Calculator for glass tube lasers.

Laser Spotlight

Each month we showcase an item, product or skill from LaserU. We give a summary of the item and provide links for more information. This month we will look at **Party Decorations**. This comes from our Project Center course 12 titled - **Party Decorations**

Learn how to make unique and personalized decorations for parties of any theme. These pictures showcase a Valentine's party but with mirrored and colored acrylic sheets you can create any design or pattern.

This lesson will also show you how to get the most out of each sheet for very little wasted product.

[Click here for LaserBits Acrylic Sheets](#)

For more information on Party Decorations see the **Project Center**.

Please send questions and comments to laseru@laserbits.com

See you next month with our next The Laser Engraver Newsletter.
