

Things to keep in mind:

The annual ARA Las Vegas show is in March this year. Visit Mike and the LaserBits gang in booth #329. I will not be attending this year but the rest of the Bits family will make an appearance. Mike is hosting two clinics.

Mar 7: Adding Bling to Your Laser Engraving Project & Mar 8: Laser Engraving Ceramic & Glass

Laser Spotlight

Each month we showcase an item, product or skill from LaserU. We give a summary of the item and provide links for more information. This month we will look at the **Photo Album Template CD**. This comes from our Project Center titled the same.

This great CD, created by LaserBits, provides you with dozens of layouts to be used on any of the seven albums that we carry. You can take the original design provided..... Or even make slight modifications to suit your needs. The use of Laser Foil also is shown to add in extra color and pop.

For more information on this product, see **Photo Album Template CD** in the **Project Center**.

Please send questions and comments to laseru@laserbits.com

See you next month with our next **The Laser Engraver** Newsletter.
