

It was great to meet so many LaserU subscribers - thank you for stopping by our booth. I got a kick out of hearing people say they recognized me by my voice. I guess listening to the videos with the same voice plants it in your mind permanently! I especially made note of the feedback I received. If you didn't get a chance to bend my ear in Vegas, here is your opportunity. Our quarterly survey is going out today. You will receive an email with a link. Click on the link and answer a 10-question, 5 minute survey that helps us improve. I appreciate it! Kathryn

**Add-on Promotion -
thru April 15, 2008 ONLY!**

free for you!

For existing subscribers we have a special promotion just for you! In the next month (until April 15) you may add-on to your existing subscription and receive an extra two months free. How? By purchasing a 6-month add-on (\$239) we will throw in an additional 2 months. That is 8 months for the cost of 6 months - a 33% increase.

I This month I located some really cool patterns to share with you. I practiced using them on stainless steel (with CerMark), acrylic, wood and cardboard!

I am so excited to be able to bring this offer to you. Please read on for important details so you don't miss out.

YOU MUST PHONE YOUR ORDER IN TO RECEIVE THE ADD-ON PROMOTION. Internet orders will NOT be included in this promotion.

Call LaserBits at 1.800.733.7705 , ask for the Order Department and tell them you want to take advantage of the "Existing Subscriber Add-on Promo."

Your new expiration date will be 8 months after your existing expiration date. You will receive a confirmation email letting you know what your new expiration date is.

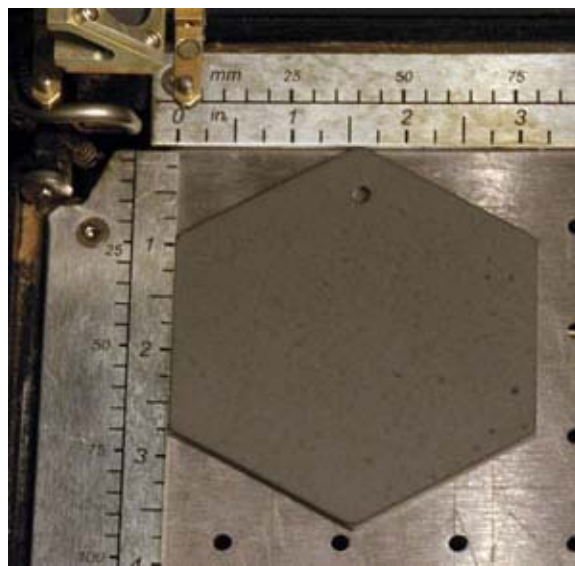

You will find the links to download the images on the [next page](#).

Laser Spotlight

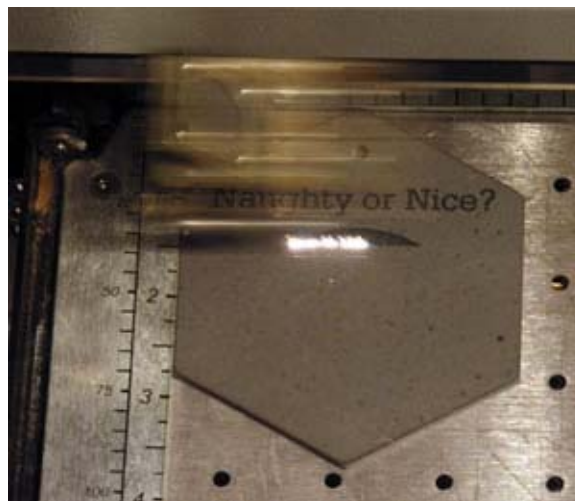

Each month we showcase an item, product or skill from LaserU. We give a summary of the item and provide links for more information. This month we will look at **CerMark'ing on Glass with CerMark Tile & Glass Marking Solution**. This comes from Course 12 Lessons 2 & 5.

Original Image

CerMark coated glass ornament

Ornament being engraved

Enraved ornament before cleaning

Finished ornament!

For more information on CerMarking glass see the **Course 12 Lessons 2 & 5** in the Learning Center.

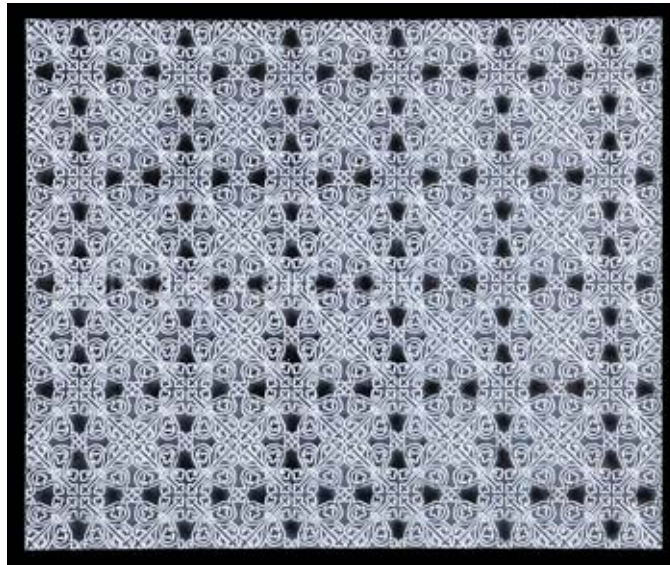

Please send questions and comments to laseru@laserbits.com

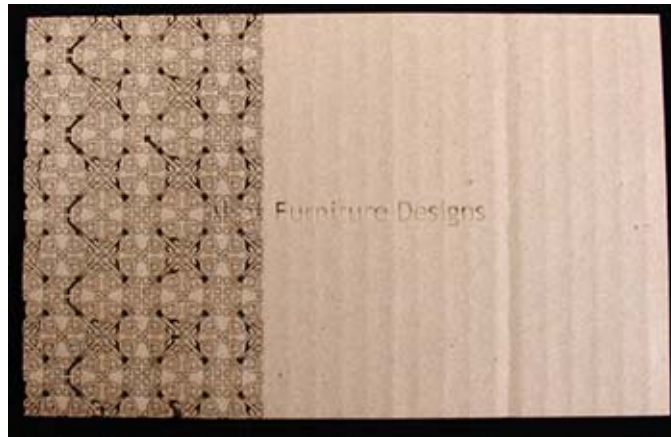

See you next month with our next **The Laser Engraver** Newsletter.
