...laser university's monthly newsletter

www.laseru.com

Greetings:

What a great response we had to our 8-year anniversary special last month. It was neat to hear from a few current and past subscribers, via email, on how LaserU has helped them over the years. To feel that what I do is helpful is a great feeling - thank you!

Laser Spotlight

As teased in our last newsletter, we have a big announcement to make! LaserU has jumped into the land of "apps!" We have created an app that is available for android users in the GooglePlay app store. Look for the "Laser Engraving Calculator."

The highlight of the app is the Settings Calculator, but you will also have quick access to our Facebook page, YouTube channel, Twitter account, pics and links to Laser, LaserBits and more.

We hope you find it useful.

Please send questions and comments to laseru@laserbits.com
To learn more, visit laseru.com and click on the blue buttons on the right.

See you next month with our next The Laser Engraver Newsletter.

Kathryn
