

Greetings:

Well summer is approaching very fast and I have some fresh, new and innovative ideas for you to kick it off! Have you ever used AlumaMark? If no, well you should! AlumaMark is not just for signs anymore! It is a unique coated metal that has many uses. Read on..

Laser Spotlight

Each month we showcase an item, product or skill from LaserU. We give a summary of the item and provide links for more information. This month we will look at **AlumaMark**. This comes from our Learning Center titled - **Course 18**.

Look at just some of our applications for AlumaMark & DuraBlack:

Using EngraveLab to create 2D DataMatrix (aka QR codes)

Look at how my marriage license turned out!

Talk about adding color to a commemorative piece!

Hey, that's my bathroom! Look at the unique wall decor to the right of the mirror!

Using CorelDRAW to create 2D DataMatrix (aka QR codes)

Please send questions and comments to laseru@laserbits.com

See you next month with our next **The Laser Engraver** Newsletter. Kathryn
