Things to keep in mind:

Here is a great refresher in the difference between CerMark and TherMark on the LaserBits Youtube channel: <http://www.youtube.com/watch?v=gW2ZuOzIMAM> or go to www.youtube.com/laserbitschannel and search for the CerMark TherMark Comparison video.

Laser Spotlight

Each month we showcase an item, product or skill from LaserU. We give a summary of the item and provide links for more information. This month we will look at **engraving leather**. This comes from our Project Center and is titled, **Baseball Medallions - Leather**.

This project showcases a unique way to use the leather rounds. These were engraved and a hole was cut for the neck strap.

For more information on **engraving leather** see the **Project Center** - scroll down to **Baseball Medallions - Leather**.
