www.laseru.com

Things to keep in mind:

Here is a great refresher in the difference between CerMark and TherMark on the LaserBits Youtube channel: <http://www.youtube.com/watch?v=gW2ZuOzIMAM> or go to www.youtube.com/laserbitschannel and search for the CerMark TherMark Comparison video.

Laser Spotlight

Each month we showcase an item, product or skill from LaserU. We give a summary of the item and provide links for more information. This month we will look at **engraving and cutting Rowmark's LaserMAX**. This comes from our Project Center and is titled, **Poker Chip decorations**.

This project shows a unique way to create decorations for a great charity event. Consider donating your time for wonderful events in your area. These were actually used by a friend of mine at his annual MDA Poker Tournament in honor of his nephew. I intentionally did not add the year on it so the chips could be used every year.

For more information on **engraving and cutting LaserMAX** see the **Project Center** - scroll down to **Poker Chip decorations**.

Please send questions and comments to laseru@laserbits.com

To learn more, visit laseru.com and click on the blue buttons on the right.

See you next month with our next The Laser Engraver Newsletter.
