Things to keep in mind:

If you ever need sales and marketing tips or ideas, please check out **Course 11** in the Learning Center. We recently added **Lesson 5; Sales & Production Tools**. Many of them are from LaserBits and are **FREE!**

### Laser Spotlight

Each month we showcase an item, product or skill from LaserU. We give a summary of the item and provide links for more information. This month we will look at our new double-sided material. This comes from our Project Center and is titled, **Solid Surface Material**.

This project features our new double-sided material. It has many applications, but since it is double-sided it is perfect for jewelry! It comes in 5 different colors and is perfect for color filling.

For more information on this product see the **Project Center** - scroll down to **Solid Surface Material**.

Please send questions and comments to [laseru@laserbits.com](mailto:laseru@laserbits.com)
