

Things to keep in mind:

Do you know about LaserPlaces? It is a great website that LaserBits created to showcase the LaserBits product line, but..... it does not contain any pricing. This way you can use it to show your customer's products that you carry and they do not know your cost on it allowing you to still set your own price. Visit now!

Laser Spotlight

Each month we showcase an item, product or skill from LaserU. We give a summary of the item and provide links for more information. This month we will look at using Bamboo sheets. This comes from our Project Center titled **Bamboo Layered Plaques**.

Engraving this wood will be a hit. Bamboo is all the rage!

For more information on this product see the **Project Center**.

Please send questions and comments to laseru@laserbits.com

To learn more, visit laseru.com and click on the blue buttons on the right.

See you next month with our next The Laser Engraver Newsletter.
